Re-Elect Carl Jacobson for City Council

I do what I do because I love this community. It's been a great place for us to live and raise our family. My children are grown and have families of their own, and they still reside here in El Segundo. It's a very special place to live.

Recipient of Citizen of the Year Award

What others have to say about Carl:

The Chamber's "Citizen of the Year", Carl Jacobson, epitomizes, in our view, the good and decent aspects of this village. A homeowner and entrepreneur who raised a family here, Carl is a respected executive with an important Smoky Hollow Company. His footprints are all around the City: Planning Commission, years on the Council, active sponsorship of the Educational Foundation, executive Council of the Chamber and, partly for fun, a docent and driver of the Automotive Driving Museum plus many City improvements for which he played important roles. A good, decent, well-informed in depth and independent man.

Hacienda Hotel, El Segundo Herald 1/17/2008

Chamber of Commerce President Chris Powell said that the panel that voted on Citizen of the Year is made up of people from all areas of the community. "The decision to choose Carl was unanimous," Powell said. "Besides his work with the council, he has done so much for this community. He genuinely cares about this city; it's evident in all that he is involved in."
